'Best Event - Budget under \$100,000'.

I am writing to say thank you for producing a superb MINI Countryman Launch for us last week. As you know, the media can be a very hard audience to impress! I have never received so many comments back on a press launch. Your recommendation of the Point Village Car Park venue was inspired and totally fitted the brand image of MINI. Even though we were all aware of the decor plan, we just couldn't believe the finished product would be so exquisite and of such a high quality.

'Best Event - Budget under \$250,000'

Just a very quick note to say thank you to you and your team, for delivering our highly successful 7 Series events last week – it was quite simply an amazing launch. When you brought us the potential venue, all those months ago, we questioned if it could be done! But you convinced us and EuroEvents made No 7 the perfect launch pad for the new 7 Series. As we have come to expect, EuroEvents delivered an event which surpassed the objectives set down. I have every confidence that the Event Photo Book will provide a reference point, and lead the way, for our international colleagues!

Aer Lingus 75th Anniversary
Winner at The Irish EIA Event Industry Awards 2012 'Best Corporate Event'.

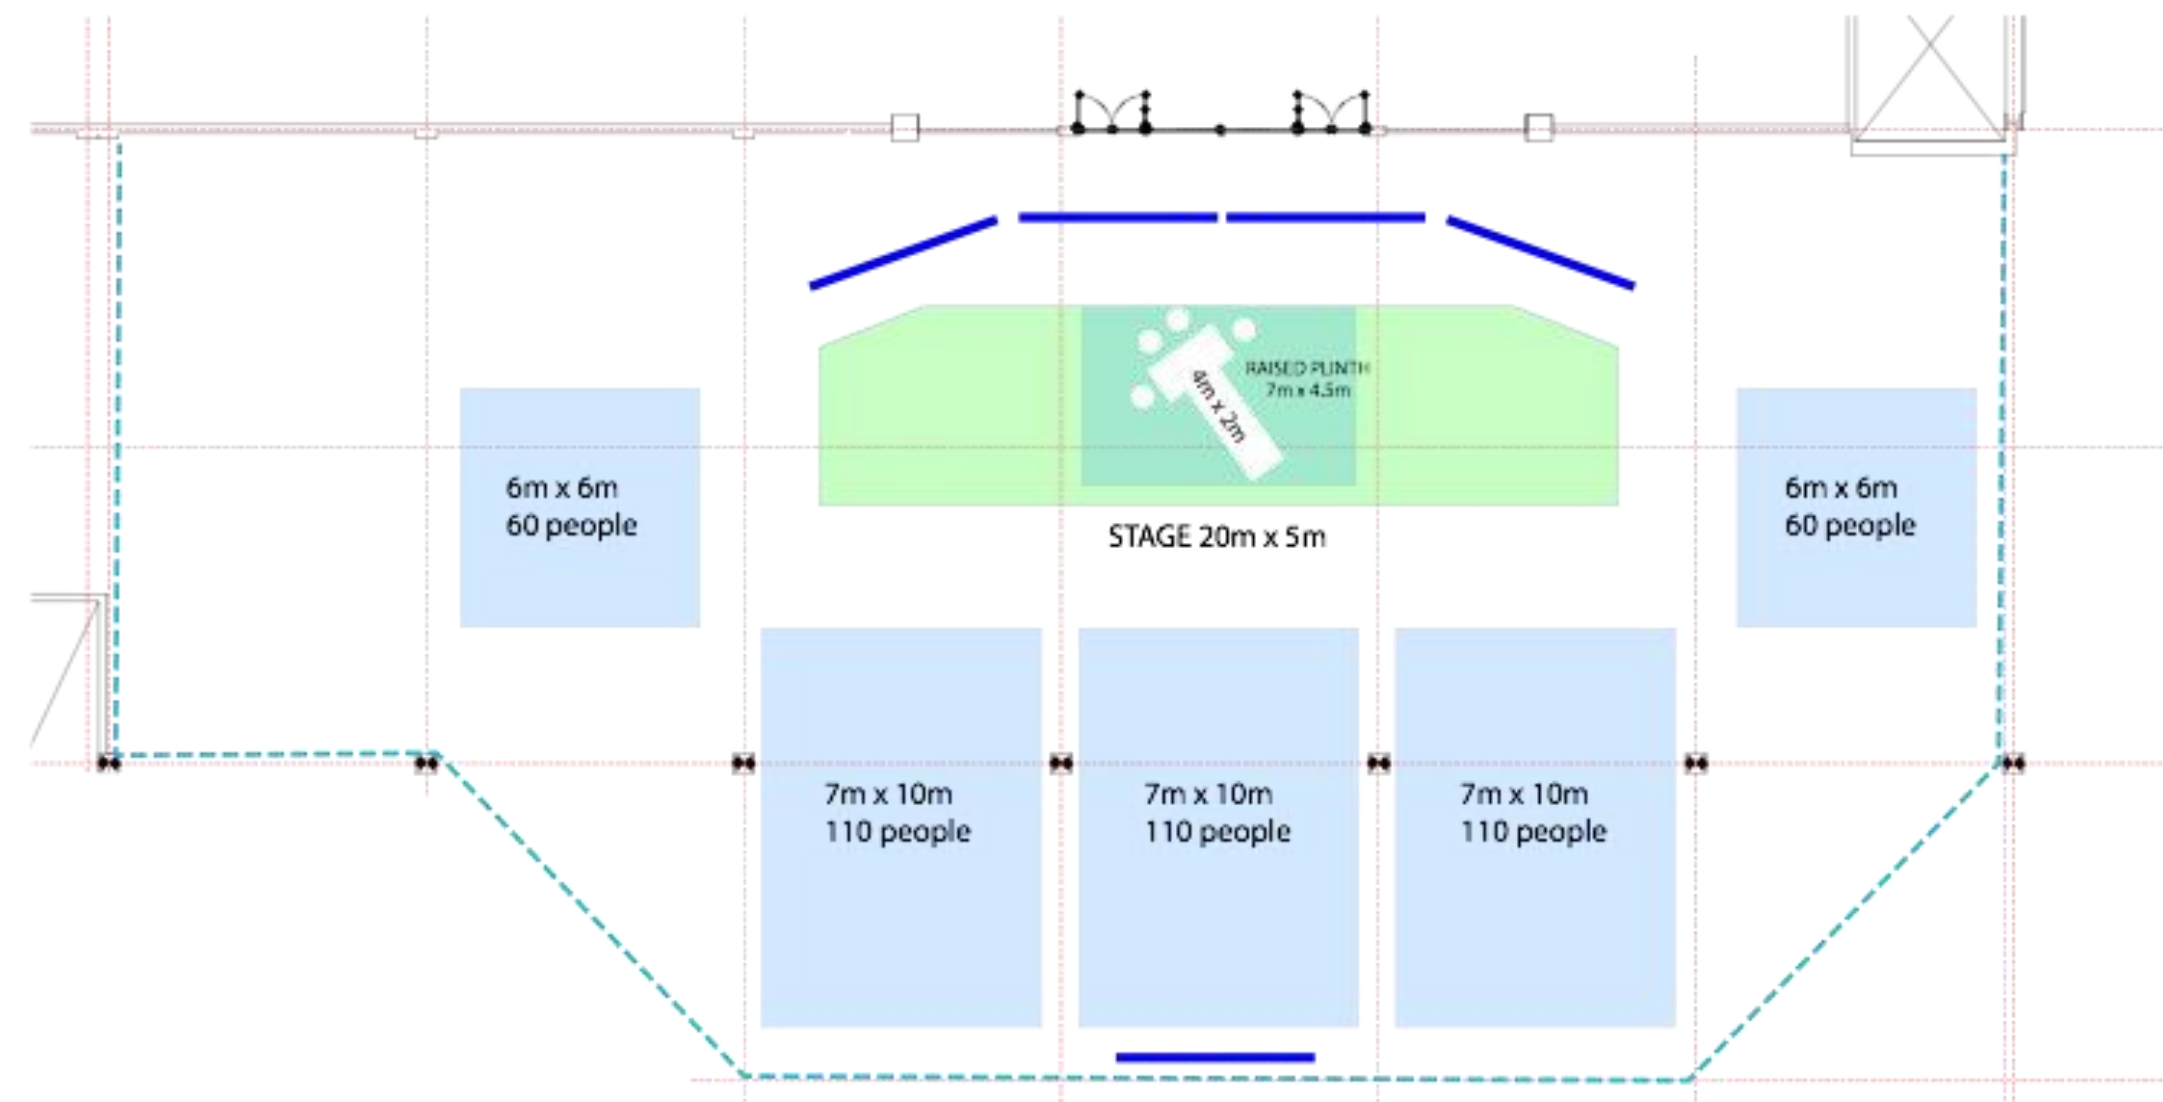

I would like to personally thank EuroEvents most sincerely for all of your hard work and assistance in the preparations for our 75th anniversary celebrations. The professionalism, good taste and attention to detail demonstrated by your team was extraordinary. I know the celebrations were almost a year in the planning, however the thoughtful letters of thanks received from our guests this week are testament to the efforts of your team and something we in Aer Lingus are immensely proud of and thankful for.

What an amazing day! Coverage has been resoundingly positive. Thanks for all your help over the past few weeks ... all the hard work has paid off. Said this on Wednesday, but I don't think I've ever been part of a group project with so many moving pieces without there being a bond deal or equity offering on the other side. It was an extraordinary effort!

BMW Retailer Conference

Just dropping you a line to thank you for your support with our Retailer conference. It was brilliantly put together. I often talk about the importance of the people at the interface between two companies, to make the relationship and shape the perception of both businesses. In my previous roles in BMW I dealt with a lot of suppliers and agencies and I have to put EuroEvents at the very top of that list. Thank you very much, you were an absolute pleasure to deal with and your can-do attitude helped make the two days a great success.

Banking Culture 2021 – Helping Shape the Future of the Banking Sector

Monday, 17th May 2021 – 8:30am GMT

The virtual launch will explore the findings of IBCB's two commissioned surveys; we will present views of banking staff on internal organisational culture across IBCB's member banks, AIB, BOI, KBC, Bank Ireland, Permanent TSB, and Ulster Bank. We will also share the findings of our survey of banking customers on trust levels within the Irish banking sector and outline the lessons that can be learned from the findings. Minister for Finance, Paschal Donohoe, T.D. will address the event

Both IBCB 'éist' surveys were conducted in Spring 2021 during a period of material change in the Irish banking market, providing timely insight into the banking sector in Ireland and can make an important contribution to the shape and direction of Irish banking, now and into the future.

Christmas POP 2020

Well done to the team who made the virtual Santa. It was absolutely amazing to see what they could do virtually. Without doubt the best I have seen for something like this, my two boys are still in shock Santa knew so much about them including that they had moved to a new house with no chimney. I hope Santa and his actors realise how much joy they are bringing to people this year. Anyone I met has only great things to say about Christmas POP.

CASE STUDIES: DIGITAL HYBRID EVENTS

A person is rappelling from a large, illuminated white balloon at night. The balloon is lit with a blue light and has several yellow and blue triangular markers. The person is in a horizontal position, suspended in the air. In the background, a multi-story building with many lit windows is visible. In the foreground, there is a glass-enclosed structure, possibly a conservatory or a covered walkway, with a railing. The overall scene is illuminated with blue and white lights, creating a dramatic and modern atmosphere.
